SIGMUND FREUD: Readings and Resources

These texts will carry you through the two years of the lecture cycle, although additional specific readings for each year vary. These are laid out and available in Dropbox each year.

Highlighted texts will be assigned in 2021-22

Freud, Sigmund. (2003) *Beyond the Pleasure Principle and Other Writings*, trans. John Reddick (New Penguin Freud [NPF]; series editor Adam Phillips) The assigned reading from this volume is “The Ego and the Id”.

Freud, Sigmund (2006) *The Psychology of Love* (NPF). Read “Fragment of an Analysis of Hysteria”. (Dora)

Freud, Sigmund. *Studies in Hysteria*. (2004) (NPF)

Lear, Jonathan. (2005) *Freud**

* Most students use the 2nd edition of this text. You may also use the 1st, if you prefer or it is what you can obtain. This text is expensive; used copies may often be found at BMV in the Annex or at Seekers, also in the Annex.

Please Note: OPTIONAL Resources to Consider Purchasing:

Freud, Sigmund. (2003) *An Outline of Psychoanalysis* (NPF) Note: This text is very helpful for preparing for the Freud Oral. Most of his major theories are summarized here, in his own words and clear style.

Laplanche, L. & J-B Pontalis. *The Language of Psychoanalysis*.
Karnac Books, 1988.

* This text can be particularly helpful with preparing for the Freud Oral. Note that the Pep-Web glossary contains entries from this dictionary.

Ed. Moore, B. & Fine, B. *Psychoanalytic Terms & Concepts*.
The American Psychanalytic Association, 1990.

* An equally useful text for preparing for the Freud Oral. Note that the Pep-Web glossary contains entries from this dictionary.

Walrond-Skinner, S. *Dictionary of Psychotherapy*.

* A somewhat dated text that none-the-less has very useful elaborations of terms within a psychotherapeutic modality

* A searchable three volume set. Digital Link Provided.

Note As Well:

Additional and specific lecture readings, handouts, optional readings and web links will be clearly designated in the Dropbox. There will be a reading list set out for each of the lectures in this cycle. Please consult these readings as they appear well in advance of each lecture. [All Additional Readings will be Available in Dropbox – other than the above, no additional purchases will be required]

You will note that there is often a Required and an Optional reading folder for each lecture section. You are responsible for reading any Required articles in addition to the Main Freud readings. Any other required readings outside of the texts you are asked to purchase, will be made available in Dropbox. Optional readings are meant to be an additional resource and are for your interest only. Where possible, these will also be available in Dropbox.

We are recommending the New Penguin Freud texts because of the excellent translation into contemporary English. However, the Standard Edition of Freud's complete works (trans. James Strachey) is an invaluable reference and is available on PEP Web.

Intersubjectivity

Lecturer – Sharon Bedard

Please Note that there is no single text to purchase as Intersubjective Theory is comprised of multiple voices, theoretical perspectives and influences.

The reading lists and movie requirements for each Intersubjectivity Lecture will appear in the Dropbox Folder by February 5th. You will notice that there is a Required Readings Folder. These readings are important for each lecture. There is often also an Optional Readings Folder. These readings are for your personal interest only. They will enhance your approach to the lectures, but, are not essential readings.

All articles used will either be available through PEP Web OR uploaded to Dropbox. All films will be available through the CTP Library (usually 2 copies are available), as well as through the Toronto Public Library System, or Netflix or iTunes or public video rentals such as Queen Video. It is often more pleasant and a useful learning experience when discussions of the films are possible, so I encourage you to watch the films with fellow students if you can.
